PRIYA SHARMA, Ph.D.
Email: priya.sharma@aimail.com | Phone: +1-555-0202 | LinkedIn: linkedin.com/in/priyasharma-ai
==========

PROFESSIONAL SUMMARY:
Data Scientist and Machine Learning Engineer specializing in predictive modeling, Natural Language Processing (NLP), and Deep Learning neural network architectures.

TECHNICAL SKILLS:
- Core AI/ML: Machine Learning, Deep Learning, NLP, Computer Vision, Statistics
- Libraries: Scikit-Learn, TensorFlow, PyTorch, Pandas, NumPy, SciPy
- Languages & Databases: Python, R, SQL, PostgreSQL
- Big Data & Visualization: Tableau, Power BI, Apache Spark, Matplotlib, Seaborn
- Cloud & MLOps: AWS Cloud, MLflow, Docker, Git, Linux

PROFESSIONAL EXPERIENCE:
Lead Machine Learning Engineer | DeepVision AI Labs (2022 - Present)
- Built end-to-end predictive machine learning pipelines using Scikit-Learn and PyTorch.
- Fine-tuned NLP language models for automated text classification and document search.
- Deployed inference microservices with Docker on AWS with sub-100ms latency.

Data Scientist | FinAnalytics Corp (2020 - 2022)
- Analyzed multi-terabyte transactional datasets using Python, Pandas, and SQL.
- Created executive dashboards in Power BI and Tableau for senior management.

EDUCATION:
Ph.D. in Artificial Intelligence & Machine Learning | National Institute of Technology
M.S. in Data Science & Applied Statistics (2019)
